All were in favor

Fall Tree Planting:

Budget \$7,000

5 requests have been turned in to the City Office

Mr. Listenberger suggested we look into supplying homeowners with new tree care instructions (door hangers?)

Mr. Felde felt that we should start planting smaller container trees due to the sandy and dry soil we are experiencing. Mr. Arnold is to talk with Price's and get a cost difference.

Other Business:

Mr. Shuppert again want to that the optimist for the plants downtown. They have been outstanding this year. The Chamber of Commerce will be pulling the flowers and planting mums shortly.

18 Maple trees have been planted along Wilson Street unwisely by the contractor. The roots are destroying the sidewalks. If new sidewalks are going to be poured the trees must be cut down. Mr. Marquardt will bring it up to the Board of Works.

The pollination garden at the corner of LaPorte and Center now has signs.

Mrs. Palmer needs to resign her position on this board. She has accepted another job in Culver. She hopes whomever takes her current job may be able to assume her position on this board. WE THANK HER FOR ALL HER HELP AND WISH HER GOODLUCK!

Motion: Mr. Marquardt

Second: Mrs. Palmer
